Canning Made Easy By Modern Methods

We invite you to come to the Auditorium and learn about them-Today and Saturday at 11 o'clock in the morning and 3 o'clock in the afternoon Pickling. Preserving. Canning. Drying.

Demonstrated and taught by two young women who have been thoroughly instructed by Department of Agriculture Experts.

Single-period Cold-pack Canning as distinguished from the old-fashioned preserving offers a saving in time, labor, expense and insures satisfactory results. The method is so simple and can be applied so quickly and easily that it is true economy and patriotism for every woman to learn it.

Fruits and Vegetables of every kind can be prepared for winter.

Program for Today-At 11 o'clock: Canning Raw Meats, Fish, Prepared Meats, Fried Chicken; how to can tomatoes in tin. Review of vegetables and fruits. At 3 o'clock-Drying of Beans, Drying of Soup

Mixtures. Principles and methods of canning and drying. Put up Fruits and Vegetables now to enter in the festival we will hold in the autumn, when suitable prizes will be awarded to the winners.
